

To whom it may concern;

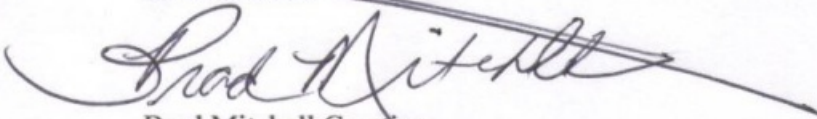

Jan. 24 2005

In October of 2004 Brad Mitchell Creative was commissioned by Medicis Aesthetics and Allergan for Botox Cosmetic to produce FOREVER FABULOUS an event at Celebrities Nightclub in Vancouver. The object of this event was to raise funds and awareness for the Dr. Peter Center as well as to bring product awareness from these two medical companies to the gay community.

Tracy Bell was then in return commissioned to perform her one woman show. Tracy was asked to modify her act to accommodate the product line and the cause. I found Tracy to be exceptional to work with. Her wit, enthusiasm, and comic genius that Tracy brought to this production through her performance was brilliant.

I have worked with many entertainers of various levels throughout the entertainment industry and found Tracy Bell to be completely at the top of her game in this industry. She is cooperative, very professional, and extremely talented in her craft. I would highly recommend Tracy Bell in any award or work related capacity of the entertainment industry.

Brad Mitchell

A handwritten signature in black ink that reads "Brad Mitchell". The signature is written in a cursive style with a long, sweeping underline that extends to the right.
