Tracey Bell

Dear Tracey:

Just wanted to let you know how much everyone enjoyed your show on August 12, 2006 at Jericho Tennis Club. The annual Sun and Surf Squash Tournament is the biggest in Western Canada, and this year was especially important as we were celebrating our 25th anniversary.

I can't believe that we were worried about how to get people inside to watch the show! Even though the weather was fabulous, people flocked inside and you kick started a great party! It was so much fun and your ability to engage the audience, get people involved in the show is incredible – people were dancing and singing along at the tops of their voices! While we had a wide range of people in terms of age and musical taste (19 to 60+!), everyone had a blast! It is amazing how you go from character to character – so believable!

Some of the comments from the audience:

The best party yet!

Tracey Bell is unbelievable!

Let get her back here!

Perfect for the theme – Viva Las Vegas

Incredible energy – so realistic!

Thanks again for putting on such a fantastic show (and for being so great to work with!).

Best Wishes,

Pam White
